Help Page

- How to navigate the app
- What each of the symbols on the app means

Color Information Page

- Has information about your color and how you interact with other colors

Quiz Tree

Design analysis (4.9)

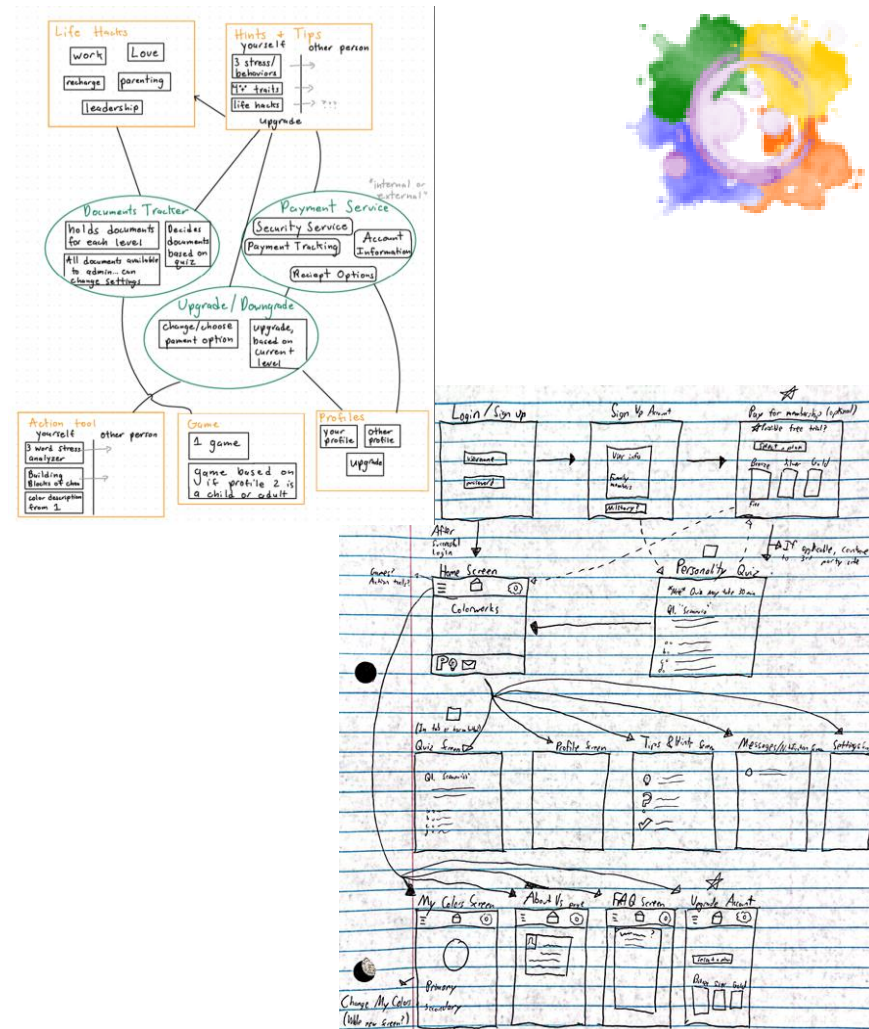

Our Design Decisions

- Switched from mainly purple application design to a mainly white and grey design
- Add a quiz information screen
- Add a progress bar on the quiz question screen instead of a set of numbers
- Choose to have both navigation bars instead of one or the other

Pages we need to complete

- Quiz Questions page (will complete this once we have a question)
- Quiz Information Page
- Home Page
- Opening Page

We are meeting with the client and making changes as we continue to get information from them
