

aPrevious Client Tasks for Us:

Flash Drive	<ul style="list-style-type: none"> - Still working on it and will give us the information by break - This will be the information that will be exactly what we want from the Rebecca Designs
Icon library: Shannon will investigate it and get you answers	<ul style="list-style-type: none"> - Not urgent, we can use free library
Fonts/logos/colors: Shannon the green is wrong (you gave them orange)	<ul style="list-style-type: none"> - Use our best judgments on the font and the font size based on what is given - We color matched the Green so we should be good
Third party for payments: Shannon get info	<ul style="list-style-type: none"> - We will figure out over break (maybe nice to have for presentation) <ul style="list-style-type: none"> o Wave (Don't love -> it does receipts for reimbursement which we love) o Square, stripe, paypal -> Okay o SoFi is used personally by Shannon -> Maybe look at
<p>Need to pay for FIGMA most likely at \$15 per month for 6 month possibly covered for students?</p> <ul style="list-style-type: none"> • A-team is looking into IF THEY CAN get it for free as students 	We r good
Need to get questions finalized	<ul style="list-style-type: none"> - We have received this (we will start with less questions)
<p>Are they going to tell us what content is going to be important – Callie will help with this</p> <ul style="list-style-type: none"> • We can also categorize -> for how to learn about each color -> they need to categorize the content that we have -> Put what folder/inf is more important • They are going to help edit our Figma pages -> will be easier to get the information and layout • They can do all page layout -> We can do design later <ul style="list-style-type: none"> o We will help do the page layout 	

Previous Tasks (For Us):

- We will work on looking at how to work on backend and learn what IED that we want to use – we will try and get some help for the backend -> NEED TO DO OVER BREAK (Probably VS Code)
- Figure out what level of paid Figma that we need -> COMPLETED (Get free as a student)

Design Ideas on the Sketches that were given in the meeting:

- How do we want to show the different categories* We will have grey out categories so people know what they can get from that information

FINAL DESIGNS
